## **What happens when you make a claim**

Please provide any information **we** ask **you** for. Depending on what **your** claim is for, **we'll** also ask for other information. For example:

- a birth, marriage or death certificate
- medical information, or medical records
- paperwork about **your** mortgage
- proof of change of name.

**We'll** pay what **we** consider to be the reasonable cost of all medical reports or evidence **we** ask for.

## Who we'll pay

**We'll** pay the cover amount to the person who is legally entitled to receive it. This will depend on the circumstances at the time, and whether the plan that **your** cover is under has been assigned or put under trust.

**We** usually pay the owner of the plan the cover is under or, if they've died, their personal representatives. If a personal representative wants to claim, they must send **us** an original Grant of Representation or Confirmation. If there are joint plan owners, **we'll** pay them jointly. If one of the joint plan owners has died, **we'll** pay the survivor of them.

If the plan that **your** cover is under has been assigned, **we'll** pay the assignee. If an assignee wants to claim, they must send **us** the original Deed of Assignment.

If the plan that **your** cover is under is written in trust, **we'll** pay the trustees. The trustees must then follow the terms of the trust to distribute the money to the chosen beneficiaries. If trustees want to claim, they must send **us** the original Trust Deed, and any original deeds altering the trust. **We** won't be responsible for checking that the trust has been properly established, validly altered or whether it has been terminated.

## When we will and won't pay a claim

### **Claims for Life or Critical Illness Cover**

To confirm that the **person covered** meets **our** definition of **terminal illness** or one of **our** definitions of a **critical illness** or meets the requirements of **our** definition of **total permanent disability**, **we** might:

- ask the **person covered** to be examined by a doctor or health specialist **we** choose, or
- ask for any other evidence **we** may reasonably require, for example a report from a GP or treating consultant.

**We'll** pay a claim if:

- Life or Critical Illness Cover is shown on **your** cover summary,
- during the **term of the cover** the **person covered** (or if there are two people covered, either of them):
  - dies or is diagnosed with a **terminal illness** that meets **our** definition, or
  - is diagnosed with a **critical illness** that meets one of **our** definitions, or

- the information **you** send **us** is correct and complete, and **your** claim is valid according to these terms and conditions.

If **we** pay a claim under Additional Conditions Cover, this won't affect **your** Life or Critical Illness Cover.

For claims other than for **pregnancy complications**, **we'll** pay out once for each **additional condition**. If there is more than one **person covered**, **we'll** pay out once for each of them.

**We** won't pay a claim if:

- it's the result of an **exclusion** shown on **your** cover summary,
- it's the result of **intentional self-inflicted injury**,
- the **person covered** dies within 10 days of meeting one of **our additional condition** definitions,
- the **person covered** also meets one of **our** definitions of a **critical illness** set out in section 4,

**We** won’t pay a claim if:

**You'll** find **our additional conditions**, **children's critical illness**, **critical illness**, **terminal illness** and **total permanent disability for Children's Critical Illness Cover** definitions and the relevant requirements in section 4.

If **we** pay a claim under Enhanced Children's Critical Illness Cover, this won't affect **your** Life or Critical Illness Cover.

**We** won't pay a claim if:

If **your** Life or Critical Illness Cover is cancelled or comes to an end, **you** will no longer have Enhanced Children's Critical Illness Cover.

## **How much we'll pay**

### **Life or Critical Illness Cover**

**Your** cover summary shows how much **we'll** pay for a claim for each cover **you** have with **us**.

If **you** have chosen to receive **your** amount of cover in regular payments, these will be paid in arrears.

**We** work out **your** amount of cover at the date the **person covered** dies or meets **our** definition of **terminal illness**, one of **our** definitions of **critical illness** or **our** requirements for the definition of **total**

**permanent disability** shown on **your** cover summary. **We** won't take into account any change to **your** amount of cover after this date.

### **If your cover is payable as a level lump sum or level regular payments**

**We'll** pay the amount of cover shown on **your** cover summary. For level regular payments, **we'll** pay this in equal monthly payments until the date **your** cover ends, which will be the date shown on **your** cover summary.

### **If your cover is payable as an increasing lump sum or increasing regular payments**

**We'll** pay:

- the amount of cover shown on **your** cover summary, or
- the amount of cover **we've** written to tell **you** following an increase in cover, if that's greater.

**Your** amount of cover will continue to increase each year on the date the plan **your** cover is under started, which is shown on **your** cover summary. The additional features in **your** cover summary will show whether **your** cover will increase by a fixed rate or by the **retail price index**. If **you** select this option, **your** premiums will also increase each year. This is explained further on page 19.

### **Getting a lump sum instead of regular payments**

If **you** have chosen to receive **your** amount of cover as regular payments, **you** or **your** personal representatives can ask **us** to pay a commuted value instead. A commuted value is the amount **we'll** pay **you** as a lump sum straightaway instead of making the regular

payments **you** had originally requested. **We'll** consider **your** request when **you** make a claim or while **we're** paying a claim.

**We'll** work out the commuted value by first of all multiplying the regular monthly payment amount **we** would have paid by the number of months left until **your** cover ends, based on the date shown on **your** cover summary. **We'll** then reduce this amount fairly and reasonably to reflect the fact that **you'll** be getting all the regular payments early. If **you** ask **us** to work out a commuted value, **we'll** tell **you** how much this fair and reasonable reduction would be. As a result of this reduction, the commuted value will be less than the total amount that the regular payments would have been if **you** continued to receive them.

**If your cover is payable as a decreasing lump sum, and the additional features in your cover summary show that the mortgage repayment guarantee applies**

**We'll** pay a lump sum equal to the amount outstanding under **your** loan or mortgage at the date the claim becomes payable, less any arrears of capital and interest, if:

- **you** took out Life or Critical Illness Cover in connection with a capital and interest loan or mortgage,
- the term of the loan or mortgage was the same as the **term of the cover** when the cover started,
- the amount of the loan or mortgage was the same as the amount of cover shown on **your** cover summary when the cover started, and

- **you** changed the amount or term of the loan or mortgage and **you** also changed the amount of cover and/or the **term of the cover** by the same amount.

**You'll** be liable for any arrears of capital and interest in connection with the loan or mortgage, as they're not covered under Life or Critical Illness Cover.

If:

- any of the above don't apply to **you**, or
- the loan or mortgage repayments have been suspended for a while, reduced or increased, other than because of an interest rate change, or
- **you've** repaid the loan or mortgage already when **you** claim,

**we'll** pay **you** a decreasing lump sum.

This decreasing lump sum will be equal to the amount that would have been outstanding on a capital and interest loan or mortgage if this loan or mortgage:

- was equal to the amount of cover shown on **your** cover summary when the cover started,
- had a term the same as the **term of the cover** when the cover started,
- had a yearly interest rate equal to 6%, and
- had equal monthly repayments made between the date the cover started (as shown on **your** cover summary) and the date the claim became payable.

As a result, the amount of cover will decrease each month for the remaining **term of the cover**. The amount of cover may not be enough to pay off the loan or mortgage if the interest rate of the loan or mortgage went above 6%.

**If your cover is payable as a decreasing lump sum, and the additional features in your cover summary show that a mortgage interest rate applies**

**We'll** pay the amount that would have been outstanding under a loan or mortgage if the loan or mortgage:

- was equal to the amount of cover shown on **your** cover summary on the date **your** cover started,
- had a term the same as the **term of the cover** on the date cover started,
- had a yearly interest rate equal to that shown in the additional features in **your** cover summary, and
- had equal monthly repayments made between the date the cover started (as shown on **your** cover summary) and the date the claim became payable.

As a result, the amount of cover will decrease each month for the remaining **term of the cover**. The amount of cover may not be enough to pay off the loan or mortgage if the interest rate of the loan or mortgage was different to the yearly interest rate shown in the additional features in **your** cover summary or the term is different.

**Additional Conditions Cover**

If the claim is for an **additional condition** other than **pregnancy complications**, **we'll** pay whichever of the following amounts is lower:

- if the Life or Critical Illness Cover is payable as a lump sum, 25% of the amount of cover **you** have at the date the **person covered** meets one of **our additional conditions** definitions,

- if the Life or Critical Illness Cover is payable as regular payments, 25% of the amount of cover **you** have at the date the **person covered** meets one of **our additional conditions** definitions, multiplied by the remaining number of full years left of the **term of the cover**, or
- £25,000.

If the claim is for **pregnancy complications**, **we'll** pay £5,000 per pregnancy unless the claim is because of foetal death in utero, neo-natal death or still birth as defined in section 4, in which case **we'll** pay £5,000 per foetus or **child**.

**We'll** pay a claim under Additional Conditions Cover as a lump sum.

If **your** plan includes more than one Life or Critical Illness Cover or **you** have more than one plan with **us** covering the same person, and these provide Life or Critical Illness Cover, the limits above apply to all Life or Critical Illness Cover plans **you** have with us. If the claim is for an **additional condition** other than **pregnancy complications**, **we'll** make only one payment for each **person covered** for each **additional condition**. The limits above apply to all plans **you** have with **us** that include a cover similar to Additional Conditions Cover.

**We'll** work out **your** amount of cover at the date the **person covered** meets one of **our additional conditions** definitions. This means that if **your** Life or Critical Illness Cover is payable as a decreasing lump sum, the amount of cover **you** have under Additional Conditions Cover will be based on the amount of cover **your** Life or Critical

Illness Cover has decreased to at the date the **person covered** meets one of **our additional conditions** definitions. Any change to **your** amount of cover after this time won't be taken into account.

If **we** pay an Additional Conditions Cover claim for an **additional condition** other than **pregnancy complications**, **we** won't pay any further claim for that **additional condition** in respect of that **person covered**, but **you** may still make a claim in relation to that **person covered** if they are diagnosed with one of the other **additional conditions** set out in section 4.

### **Standard Children's Critical Illness Cover**

**We'll** pay whichever of the following amounts is lower:

- if the Life or Critical Illness Cover is payable as a lump sum, 50% of the amount of cover **you** have at the date the **child** meets one of **our** definitions of **critical illness** or **our** requirements for the definition of **total permanent disability for Children's Critical Illness Cover**,
- if the Life or Critical Illness Cover is payable as regular payments, 50% of the amount of cover **you** have at the date the **child** meets one of **our** definitions of **critical illness** or **our** requirements for the definition of **total permanent disability for Children's Critical Illness Cover**, multiplied by the remaining number of full years left of the **term of the cover**, or
- £25,000.

If **your** plan includes more than one Life or Critical Illness Cover, or **you** have more than one plan with **us** covering the same person, and these provide cover similar to Standard Children's Critical Illness Cover, the limits on this page in relation to Standard Children's Critical Illness Cover apply to each Life or Critical Illness Cover and plan. **We'll** make only one payment for Standard Children's Critical Illness Cover for any **child**.

If **your** plan includes more than one Life or Critical Illness Cover for different people, or **you** have more than one plan with **us** for different people, and these provide similar Standard Children's Critical Illness Cover, the limits on this page in relation to Standard Children's Critical Illness Cover apply to each Life or Critical Illness Cover and plan. **We'll** make only one payment for Standard Children's Critical Illness Cover for any **child** in respect of each **person covered**.

**We'll** work out the amount of cover at the date the **child** meets one of **our** definitions of **critical illness** or **our** requirements for the definition of **total permanent disability for Children's Critical Illness Cover**. This means that if **your** Life or Critical Illness Cover is payable as a decreasing lump sum, the amount of cover **you** have under Standard Children's Critical Illness Cover will be based on the amount of cover **your** Life or Critical Illness Cover has decreased to at the date the **child** meets one of **our** definitions of **critical illness** or **our** requirements for the definition of **total permanent disability for Children's Critical Illness Cover**. Any change to **your** amount of cover after this time won't be taken into account.

## Enhanced Children's Critical Illness Cover

If the claim is because of the death of a **child**, we'll pay £5,000.

If the claim is because the **child** meets one of **our** definitions of **additional conditions** other than **pregnancy complications**, we'll pay whichever of the following amounts is lower:

- if the Life or Critical Illness Cover is payable as a lump sum, 25% of the amount of cover **you** have at the date the **child** meets one of **our** definitions of **additional conditions**,
- if the Life or Critical Illness Cover is payable as regular payments, 25% of the amount of cover **you** have at the date the **child** meets one of **our** definitions of **additional conditions**, multiplied by the remaining number of full years left of the **term of the cover**, or
- £25,000.

If the claim is because the **child** meets **our** definition of **pregnancy complications**, we'll pay £5,000 per pregnancy unless the claim is because of foetal death in utero, neo-natal death or still birth as defined in section 4, in which case we'll pay £5,000 per foetus or **child**.

If the claim is because the **child** is diagnosed with a **terminal illness**, meets one of **our** definitions of **children's critical illness** or **critical illness** or meets the requirements of **our** definition of **total permanent disability for Children's Critical Illness Cover**, we'll pay whichever of the following amounts is lower:

- if the Life or Critical Illness Cover is payable as a lump sum, 50% of the amount of cover **you** have at the date the **child** meets **our** definition of **terminal illness** or one of **our** definitions of **children's critical illness** or **critical illness** or **our** requirements for the definition of **total permanent disability for Children's Critical Illness Cover**,
- if the Life or Critical Illness Cover is payable as regular payments, 50% of the amount of cover **you** have at the date the **child** meets **our** definition of **terminal illness** or one of **our** definitions of **children's critical illness** or **critical illness** or **our** requirements for the definition of **total permanent disability for Children's Critical Illness Cover**, multiplied by the remaining number of full years left of the **term of the cover**, or
- £50,000.

If **your** plan includes more than one Life or Critical Illness Cover, or **you** have more than one plan with **us** covering the same person, and these provide cover similar to Enhanced Children's Critical Illness Cover, the limits on this page in relation to Enhanced Children's Critical Illness Cover apply to all **your** Life or Critical Illness Covers and plans. **We'll** make only one payment for Enhanced Children's Critical Illness Cover for any **child**.

If **your** plan includes more than one Life or Critical Illness Cover for different people, or **you** have more than one plan with **us** for different people, and these provide cover similar to Enhanced Children's Critical Illness Cover, the limits on this page in relation to Enhanced Children's Critical

Illness Cover apply to all **your** Life or Critical Illness Covers and plans. **We'll** make only one payment for Enhanced Children's Critical Illness Cover for any **child** in respect of each **person covered**.

**We'll** work out the amount of cover at the date the **child** dies or is diagnosed with a **terminal illness** or meets one of **our** definitions of **additional conditions**, **children's critical illness** or **critical illness** or **our** requirements for the definition of **total permanent disability for Children's Critical Illness Cover**. This means that if **your** Life or Critical Illness Cover is payable as a decreasing lump sum, the amount of cover **you** have under Enhanced Children's Critical Illness Cover will be based on the amount of cover **your** Life or Critical Illness Cover has decreased to at the date the **child** dies or is diagnosed with a **terminal illness** or meets one of **our** definitions of **additional conditions**, **children's critical illness** or **critical illness** or **our** requirements for the definition of **total permanent disability for Children's Critical Illness Cover**. Any change to **your** amount of cover after this time won't be taken into account.

### **Your Premiums**

It's really important that **you** keep up to date with paying **your** premiums.

### **When your premiums are due**

**Your** first premium is due on the date **your** cover starts. **We'll** collect it on this date or shortly after, by direct debit. **Your** last premium is due on the date shown on **your** cover summary. **We'll** tell **you** before **we** collect the first premium.

### **If you're paying your premiums monthly**

**You** must pay a premium every month from the date **your** first premium is due to **your** last. **Your** premiums are usually due on the same day of the month that **your** plan started. If **you'd** rather **we** collected **your** premiums on a different day of the month, please ask **us**.

### **If you're paying your premiums yearly**

**You** must pay a premium every year from the date **your** first premium is due to **your** last. **Your** premiums are usually due on the same day of the year that **your** plan started. If **you'd** rather **we** collected **your** premiums on a different day in the same month, please ask **us**.

### **What happens if you don't pay a premium**

If **you** don't pay **your** first premium, **your** plan won't start – so **you** won't be covered.

If any other premium is five weeks overdue, **we'll** cancel the plan **your** cover is under – so **you** won't be covered at all any more. **We'll** write to **you** to tell **you** that **we've** cancelled **your** plan.

### **What to do if we cancel your plan**

If **we** cancel **your** plan because **you** didn't pay a premium, **you** can ask **us** to restart it. **We'll** need **you** to tell **us** if there has been a change to the health, occupation or leisure activities of the **person covered** since **your** plan start date, so there may be times when **we** can't restart **your** plan. If this happens, **we'll** explain **our** decision to **you**.

## When and how your premiums could change

### Guaranteed Premiums

#### If your cover is level lump sum, decreasing lump sum, or level regular payments

As long as **you** pay **your** premiums on time, **your** premiums won't change for the **term of the cover**.

#### If your cover is payable as an increasing lump sum or increasing regular payments

**Your** premium will increase once a year, on the anniversary of **your** plan start date, which is shown in **your** cover summary. The increase each year will be based on:

- how much **your** amount of cover is increasing by,
- the age of the **person covered** at the time of each increase,
- how long **your** cover has to go to the end date shown on **your** cover summary,
- the premium rates **we** used when **your** cover started, and
- any additional premium **you** pay if **we** didn't accept **your** cover on **standard terms**.

**We'll** write to tell **you** how much the increase will be at least a month before it takes place. Unless **we** hear from **you**, **we'll** start collecting the increased premium from the date **we** tell **you**. For more information on increasing cover, see page 19.

### Reviewable premiums

If **you** choose this option, **your** premiums will stay the same for the first five years of **your** cover. After this time, **we'll** review them every five years. **Your** premiums could go up or down after each review, depending on a number of factors.

When **we** first work out how much **your** premiums should be, **we** look at different factors such as:

- the future level of claims **we** expect to pay
- the amount of money **we'll** pay to reinsurance companies with whom **we** share the costs of claims
- the number of plan owners who give up their plans early
- **our** expenses
- inflation
- investment returns
- taxes
- the amount of money **we** need to hold as financial reserves.

When **we** review **your** premiums, **we'll** look at these factors again. If their combined effect has been positive for **us**, **we** might be able to make **your** premiums cheaper. If not, **your** premiums may stay the same or increase.

If **we** change **your** premiums, **we'll** do this on the anniversary of **your** plan start date, which is shown in **your** cover summary. **We'll** tell **you** at least a month in advance if this is going to happen.

## 2. CHANGING YOUR COVER

### Increasing cover

This only applies where **you** have chosen **your** amount of cover to be payable as an increasing lump sum or increasing regular payments.

The amount of cover will increase each year on the anniversary of the date **your** plan started, which will be shown on **your** cover summary. The additional features in **your** cover summary shows whether **your** cover will increase each year by a fixed rate or by the **retail price index**. As **your** amount of cover increases, **your** premiums will also increase.

**We'll** write to **you** at least a month before the increase takes place to tell **you** how much the increase in **your** amount of cover will be and how much **your** new premium will be. If **you** don't want **your** amount of cover or **your** premium to increase, **you** must tell **us** at least five days before the increase is due to take place and **we'll** cancel the increase. If **we** cancel two consecutive increases **we** won't offer **you** any further increases to **your** amount of cover.

If, as a result of an increase, the total amount of cover on all plans **you** have with **us** would be more than £3,000,000, **your** cover won't increase. **We'll** tell **you** if this happens.

When working out **your** total amount of cover **we** include all cover **you** have in this plan and any other plan **you** have with **us**.

If **you** add a new cover to **your** plan, **your** new cover may start on a different day than **your** plan started, the date **your** original plan started can be found on **your** original cover summary. Where this happens, the first increase in **your** amount of cover for **your** additional cover will be on the first anniversary of **your** plan start date which comes after this additional cover has been in force for 12 months.

### Cover Increase Options

**Your** cover comes with Cover Increase Options if **we** give **you** **standard terms**. This means **you** can increase **your** amount of cover in certain circumstances without giving **us** any medical information.

#### **How it works**

**You** can increase **your** amount of cover, without giving **us** any medical information, if the **person covered**:

- gets married or divorced, or enters into or dissolves a civil partnership
- increases their mortgage
- has or adopts a **child**
- gets an increase in salary.

All **we** need to see is some evidence of the event, for example the certificate for the marriage, civil partnership, birth or adoption, or a copy of their mortgage loan offer, or a letter from their employer confirming an increase in salary.

**You** need to ask **us** to increase **your** cover within six months of the event happening. And the **person covered** must be under the age of 55 – if there are two people covered, both of them must be under the age of 55 at the time of the request to increase. **We'll** work out a new premium for **your** cover, and **you** can then decide whether **you** want to go ahead with the increase.

#### **Limits on increasing your cover**

**You** can increase **your** cover more than once but the total **you** can increase **your** cover by is the lowest of:

- half **your** original amount of cover,

- £200,000 for cover payable as a lump sum, or
- £10,000 a year for cover payable as regular payments.

If **you** have more than one type of cover or more than one plan with **us** on the life of the same **person covered**, the limits apply to all of them added together – not separately to each cover or plan.

**Your** new cover will have the same additional features as **your** original cover, which are shown on **your** cover summary. **Your** new cover will be on the terms and conditions that **we** offer at the time of the increase. It must last at least as long as **our** minimum term at that time, but no longer than the time remaining on **your** original cover. **You** can find the end date of **your** original cover on **your** cover summary that **we** sent to **you** at the time **you** took out **your** original plan. So, if the time remaining on **your** original cover is less than **our** minimum term at that time, **you** can't increase **your** cover in this way.

**Your** new premiums will be based on:

- the same terms **we** applied to **your** original cover – or the terms that applied if **your** cover has been restarted,
- **our** pricing when **we** increase **your** cover, and
- the age of the **person covered** when **we** increase **your** cover.

**We** can't offer **you** Cover Increase Options if:

- **we** didn't accept **your** cover on **standard terms** – so if **we** had to charge **you** a higher premium, or if **we** had to apply some **exclusions**,

- **we're** paying a claim, considering a claim, or if a medical practitioner has given the **person covered** a diagnosis or possible diagnosis that would allow **you** to make a claim, or
- **you're** not resident in **the UK**, Jersey, Guernsey or Isle of Man.

### **Renewable option**

This option is available if **your** cover summary shows that the **term of the cover** is renewable. **You** have an option to choose a renew period of five or 10 years depending on the **term of the cover you** chose when **your** cover started and the age that the **person covered** will be on **your** new cover end date.

### **How it works**

**You'll** still have an end date for **your** cover, which is shown on **your** cover summary, but just before that end date **we'll** ask **you** if **you** want to renew **your** cover. **We'll** ask **you** to confirm if **you** want to renew **your** cover at least a month before the date **your** original cover was due to end.

All **you** have to do is confirm to **us** at least five days before the date that **your** cover is due to end that **you** want to use this renewable option. The **person covered** doesn't need to answer any medical questions. If **you** don't confirm that **you** want to renew **your** cover using the renewable option, then **your** existing cover will end on the cover end date shown on **your** cover summary. **You** won't be covered after that date.

If the age of the **person covered** at the new end date for **your** cover would be more than the maximum age that **we** allow at that time, the new cover will have a term equal to the number of whole years between the end date of **your** original cover, as shown on **your** cover summary, and the date the **person covered** reaches **our** maximum age at that time. If this term is less than **our** minimum at that time, **you** can't use the renewable option and **your** cover will end on the date shown on **your** cover summary. **You** won't be covered after that date.

**Your** premiums when **you** exercise the renewable option will be based on:

- the terms **we** applied to **your** original cover – or the terms that applied if **your** cover has been restarted,
- **our** pricing when **you** applied for **your** original cover, and
- the age of the **person covered** when **your** new cover starts.

**Your** new cover will have the same additional features as **your** original cover. And it will be on the same terms and conditions **we** offered at the time **your** original cover started.

### Joint Life Separation – splitting your joint cover

**You** can use this option if **you** and **your** partner have taken out **your** Life or Critical Illness Cover on a joint life basis to cover a mortgage and **you** and **your** partner are the people covered. **You** can change **your** cover into two separate single life covers if **you** later separate and as a result:

- **you** rearrange **your** mortgage to be in the name of just **you** or **your** partner, or
- either of **you** takes out a new mortgage on a new house.

### Your new single life cover

When **you** split **your** joint cover to become a single life cover, **your** premiums for **your** new single life cover will be based on:

- the terms **we** applied to **your** original cover – or the terms that applied if **your** cover has been restarted,
- **our** pricing when **you** applied for **your** original cover, and
- the age of the **person covered** at the time **you** took out **your** original cover.

**Your** new single life cover will have:

- the same terms **we** applied to **your** original cover – or the terms **we** applied if **your** cover has been restarted,
- the same additional features, extra premiums or **exclusions** as **your** original cover,
- an amount of cover that's no greater than the amount of cover **you** had when **you** asked **us** to split **your** joint cover, and
- a term that is at least as long as **our** minimum term at that time, but no longer than the term remaining on **your** original cover. This means that if the time remaining on **your** original cover at the time **you** ask **us** to split **your** joint cover is less than **our** minimum term at that time, **we** can't split **your** cover.

### Setting up your new single life covers

Both **you** and **your** partner must agree to separate **your** cover in this way. **We'll** need confirmation that **your** mortgage has been rearranged – this can be either a written confirmation from the lender, or a copy of the new loan offer. **Your** new cover must begin within six months of rearranging **your** mortgage or taking a new one out, whichever **you** choose to do.

## Joint Life Reinstatement

Joint life reinstatement will only apply:

- when two people are covered under one cover; and
- **we've** paid a claim for Life or Critical Illness Cover.

In this situation, **you** may take out new Life or Critical Illness Cover but only for the **person covered** on the original cover who wasn't the cause of the claim. This person will have to agree to this new cover being taken out.

**We'll** base **your** new premium on:

- the same terms **we** applied to **your** original cover – or the terms that applied if **your** cover has been restarted,
- **our** pricing when **you** applied for **your** original cover, and
- the **person covered's** current age when **you** take up the option.

**Your** new Life or Critical Illness Cover will have:

- the same terms **we** applied to **your** original cover – or the terms that applied if **your** cover has been restarted,
- the same additional features, extra premiums or **exclusions** as **your** original cover, and
- an amount of cover that's no greater than the amount of cover that **you** had when **we** paid the claim.

**Your** reinstated cover must have a term at least as long as **our** minimum term at that time, but no longer than the time remaining on **your** original cover. So, if the term remaining on **your** original cover is less than **our** minimum term at that time, **we** can't reinstate **your** cover in this way.

**You** can only reinstate **your** cover once.

## Lifestyle review

If **we** didn't accept **your** cover on **standard terms** or **we** charged smoker rates, and the **person covered** changes their lifestyle in a way that **you** think reduces the likelihood of a claim, **you** can ask **us** to review the terms for **your** cover. For example, perhaps the **person covered** was a smoker when the cover started but has now given up.

**We** may need to ask for medical information about the **person covered**, or see proof that the **person covered** has changed their occupation before **we** make any changes to the terms of **your** cover.

If **we** can, **we'll** change the terms of **your** cover to reflect the change in lifestyle of the **person covered**. This may mean **we** could reduce **your** premium or remove an **exclusion**. If **we** can't change the terms of **your** cover, **we'll** explain why.

Even if **we** later review **your** terms, cover that wasn't originally on **standard terms** cannot be changed to include Cover Increase Options.

### 3. GENERAL TERMS AND CONDITIONS

#### Changing your cover in other ways

**You** can ask **us** to change **your** cover in other ways not included in this section. For example, **you** might want to add a new cover to **your** plan or reduce an existing cover.

Or **you** might want to add or remove either Standard Children's Critical Illness Cover or Enhanced Children's Critical Illness Cover.

**You** can ask **us** to do this at any time. If **you** want to add a new cover to **your** plan, **we'll** need to ask the **person covered** for new medical information.

**You** can't add a new cover to **your** plan or increase an existing cover if **you're** no longer resident in **the UK**, Jersey, Guernsey or Isle of Man. If **you** remove a cover **you** may not be able to add it back on at a later date if **your** circumstances or the circumstances of the **person covered** have changed.

#### Source of covers

This cover is issued out of **our** Ordinary Long-Term Business Fund but is not eligible to participate in the profits of that fund or any other funds.

#### Membership of Royal London

Neither **your** cover nor the plan that it is under, entitles **you** to membership of **Royal London** or participation in profit share.

#### Cancelling your cover

When **your** cover starts **you** have the right to change **your** mind and cancel **your** cover. If **you** do so within 30 days of receiving **your** cover summary and plan details, **we'll** refund any premiums **you've** paid to **us**. If **you** cancel after 30 days, **your** cover will end and **you** won't get anything back.

**You** can cancel **your** cover or the plan that it is under by contacting **us**. **Our** address is on page 4 of this booklet. **You** may also want to contact **your** bank to cancel **your** direct debit instruction. **You** should only do this if **you** intend to cancel all of the covers under **your** plan. If **you** intend to only cancel some of **your** covers, **we'll** automatically reduce the amount **we** collect once those covers have been cancelled.

If the plan that **your** cover is under is jointly owned, both owners must give **us** notice. If **you've** put **your** plan under trust, or if **you've** assigned **your** legal rights under **your** plan to someone else, the trustees or assignee must give **us** written notice that they wish to cancel.

If **you** cancel **your** cover, or the plan that **your** cover is under, after 30 days, **your** cover will end on the day **your** next premium would be due. **You'll** still be covered until that date. So, if **you've** asked **us** to collect **your** premium on a different date to the one on which it's due, **we'll** still collect that premium from **you**.

Because **you** are cancelling after the 30 day cancellation period, **we** won't refund any premiums **you've** paid to **us** for the cover **you're** cancelling.

For example, if:

- **your** cover started on 1 February,
  - **you** ask **us** to collect **your** premium on the 15th day of each month, and
  - on 10 April **you** ask **us** to cancel **your** cover,
- then,
- **we'll** collect **your** premium due on 1 April because this became payable before **you** asked **us** to cancel **your** cover,
  - **we'll** collect this on 15 April because **you've** asked **us** to collect **your** premium on that day, and
  - **we'll** cancel **your** cover on 1 May because this is the first day on which **your** next premium would be due.

If **you** cancel, **we'll** tell **you** the date on which **your** cover will end, and whether **you** need to pay a final premium. If **you** don't pay **your** final premium:

- **we'll** cancel **your** cover from the date **your** final premium was due,
- **you** won't be covered from that date, and
- **we** won't pay any claim under **your** plan.

### Cash-in value

**Your** cover, and the plan that it is under, have no cash-in value at any time. This means that if **you** cancel **your** cover or the plan that it is under, after the 30 day cancellation period, **you** won't get anything back.

### Paying claims

**We'll** pay all claims by direct credit to a bank account or another method **we** agree with **you**.

### Interest

**We'll** pay interest if payment of any claim is delayed by more than two calendar months after the claim event. The rate of interest will be the Bank of England base rate less 0.5% a year, with an overall minimum of 0.5% a year, calculated on a daily basis.

### Exercise of discretion

**We'll** act reasonably and in good faith when exercising **our** discretion to make decisions that relate to **your** cover.

### When we may change the terms and conditions applying to your cover or cancel your cover

We may make changes to the terms and conditions applying to **your** cover (including **your** premiums) in the circumstances set out in the paragraphs numbered 1 to 4 on pages 27 and 28.

We can separately make changes to how we use **your** personal information, details of which is set out on pages 24 to 27. We may update this notice from time to time and we'll alert **you** to the important updates. It's not meant to be a legal contract between **you** and **Royal London** and this doesn't affect **your** rights under data protection laws.

We will, where appropriate, take account of actuarial advice when we make any changes.

We may cancel **your** cover in the circumstances set out in paragraph 1.

We'll normally give **you** 90 days' written notice of a change. This may not be possible for changes which are outside **our** control.

We'll give **you** as much notice as we can in such circumstances.

1. We may make changes to the terms and conditions applying to **your** cover (including **your** premiums) or cancel **your** cover if:

- **you** don't tell **us** about changes to any of the answers **you** or the **person covered** gave in the **application**, or to information provided in relation to **your application**, between the date it was completed and the **date we assume risk** on **your** cover,
- the **person covered** doesn't provide their consent for **us** to ask for medical information within six months of the start of **your** cover, from any doctor they have consulted about their physical or mental health to check the accuracy of any statement made in, or in connection with, **your application**,
- any question answered or any statement made in, or in connection with, **your application** is inaccurate or misleading and this affects **our** decision on the cover **we're** willing to provide,
- **you** make a claim and **we** find that **you** or the **person covered** haven't told **us** something that affects **your** cover, or
- **you** don't keep **your** premiums up-to-date.

2. We may make changes to the terms and conditions applying to **your** cover (including **your** premiums) that **we** reasonably consider are proportionate in the circumstances if, because of a change in legislation, regulation or established practice in relation to such legislation or regulations, or any relevant change or circumstance beyond **our** control:

- it becomes impracticable or impossible to give full effect to the terms and conditions applying to **your** cover,

- failing to make the change could, in **our** reasonable opinion, result in **Royal London's** policyholders not being treated fairly, or
- the way that **we're** taxed or the way that the plan that **your** cover is under is taxed is changed.

3. **We** may make changes to the terms and conditions applying to **your** cover (including **your** premiums) that **we** reasonably consider won't adversely affect **you**. These may include, for example, changes needed to reflect new services or features that **we** wish to make available to **you**.

4. **We** may make changes to the terms and conditions applying to **your** cover (including **your** premiums) if **we** become aware of any error or omission in this plan details booklet. **We'll** only make such changes to bring the plan details booklet into line with **your** cover summary or the key facts document relevant to **your** cover.

## Contract

The Personal Menu Plan is a contract between **you** and **Royal London** based on **your application to us**. These terms and conditions are part of the contract between **you** and **us** and should be kept in a safe place. The contract consists of **your application**, these terms and conditions, **your** cover summary for each cover **you** buy and any **endorsements** to these terms and conditions that **we** give **you**. Where there's a conflict between the terms and conditions and **your** cover summary, the terms set out in **your** cover summary will apply.

## Mis-statement of age

If when **you** took out **your** cover **we** were told the **person covered** is older than they really are, **we'll** reduce **your** premiums to the amount that **you** would have been charged if **we'd** been told their correct age, and refund any overpayment **you've** made. If when **you** took out **your** cover **we** were told the **person covered** is younger than they really are, **we'll** reduce the amount of cover to the amount that would have been available if **we'd** been told their correct age. This means that, on a claim, **we'll** pay an amount which is lower than the amount shown on **your** cover summary.

### If we can't meet our liabilities
