

Investment objective

Aim: The fund is designed to achieve returns above the rate of inflation over a five year time period for an investor who is lifestyling towards an annuity or drawdown end point.

Investment process: The fund is a mixed asset fund which invests in other Royal London Asset Management (RLAM) funds. The manager ensures the maximum potential for capital growth exists for the given level of risk. The underlying investments include the Global Managed, Property, Long (15yr) and Medium (10yr) Index Linked and Long (15yr) Medium (10yr) Corporate Bond funds.

Management style: Active

Fund performance against benchmark

No performance or volatility data available

Source: Lipper, Royal London, as at 30.06.22. All performance figures shown, including those shown for the growth in the benchmark, have been calculated net of a 1% Annual Management Charge. Past performance is not a guide to the future. Prices can fall as well as rise meaning you may not get back the full amount of capital originally invested. Investment returns may fluctuate and are not guaranteed.
