
Plan details for the Business Protection Menu (September 2015)

This booklet sets out the terms and conditions of your plan – how it works, what you can expect us to do, and what we expect you to do.

Bright Grey is a division of Royal London. The Royal London Group consists of The Royal London Mutual Insurance Society Limited and its subsidiaries.

These terms and conditions are part of the contract between you and Royal London, on behalf of Bright Grey. The contract is governed by the following documents:

- This booklet
- Each cover summary we give you which refers to the plan details for the Business Protection Menu (September 2015)
- Any endorsements to these terms and conditions that we give you

All of these documents are proof of the terms of the contract and are important. Please keep them in a safe place.

We give this booklet to everyone when they buy a Business Protection Menu plan. Not only will it give you all the details about the covers you've bought, it will also give you important information about keeping your payments up-to-date, what to do if you want to make a change, and how to go about making a claim. It gives details of your plan, subject to any additional features shown in your cover summary. It can also be used by customers who are thinking about buying a Business Protection Menu plan and want more detailed information.

SECTION A:

About the Business Protection Menu

In this section we tell you about your plan, the options available and how to tell us about changes

This section of the plan details gives you an overview of the different covers that make up the Business Protection Menu and what options are available for these covers. Unlike the rest of the booklet, it's not part of the plan's legally binding terms and conditions.

A1 Telling us about changes

Please remember to tell us if:

- You stop being resident in the UK
- You change your name
- You change your address
- You change your bank account

It's also important that you tell us if there's a change to any of the answers to the questions within the application (including in relation to your health, occupation or leisure activities) between completing this form and the date we assume risk on your plan. We'll give you a copy of your application form, and any other information we've been given, if you ask us.

It will help if you have your plan number to hand when you contact us.

You can:

- Phone us on 0845 6094 500
- Email us at help@brightgrey.com
- Fax us on 0845 6094 523
- Write to us at Customer Care Team, Bright Grey, 2 Queen Street, Edinburgh, EH2 1BG
- Visit us at www.brightgrey.com

If you call us, we may record or monitor your call so we have an accurate record of your instructions.

Please contact us as soon as possible if you're claiming on a cover so that we can deal with your claim as quickly as possible.

A2 The covers

The Business Protection Menu offers a range of covers. You can choose just one cover, or a combination, to suit your own particular situation. And as your needs change, you'll be able to add or remove or adapt your covers so that they provide exactly what you need.

The cover	When it pays out
Life Cover	If someone dies or is diagnosed with a terminal illness that meets our definition.
Critical Illness Cover	If someone is diagnosed with a critical illness or Total Permanent Disability that meets our definition.
Life or Critical Illness Cover	If someone dies, or is diagnosed with a terminal illness, critical illness or Total Permanent Disability that meets our definition.
Income Cover for Sickness	If someone can't work because of illness or injury and meets our definition of incapacitated.
Key Person Income Cover for Sickness	If someone can't work because of illness or injury and meets our definition of incapacitated.
Payment Cover for Sickness	If someone can't work because of illness or injury and meets our definition of incapacitated, we'll make their plan payments for them. We automatically add this if you choose Income Cover for Sickness or Key Person Income Cover for Sickness.

If you're deciding what cover you need, the first thing you need to do is choose one or more covers from the list above. You can find all the detail about these covers in this booklet. Once you've chosen your covers, you can apply using just one application form. The covers you've chosen will then be grouped into one plan. Your plan will represent the protection you have with Bright Grey.

In some circumstances, we'll set up multiple covers using separate plan numbers. Each one will also be detailed on a separate cover summary (this is the document we send you confirming the cover you've bought).

B1 When we'll pay a claim – continued

What's shown in the cover summary

When we'll pay a claim

If your cover summary shows you have Income Cover for Sickness

We'll start paying this cover if the person covered meets our definition of incapacitated (defined in section D) for a continuous period longer than the deferred period shown in your cover summary, during the term of your cover.

We'll continue paying this cover until the earliest of the following events happens:

- the person covered no longer meets our definition of incapacitated;
- the person covered returns to any work;
- the cover payment period ends, if one is shown in the additional features of your cover summary;
- the cover ends; or
- the person covered dies.

We may ask the person covered to be examined by a doctor or relevant allied health specialist of our choice. We may ask for any other reasonable evidence we need to consider the claim, or to confirm that the person covered remains incapacitated.

Connected claims

A connected claim happens if we start to pay a claim, and the person covered then goes back to work but has to stop work again within the next 52 weeks. We'll treat the further period of incapacity as a connected claim and start to pay the cover straight away provided that:

- the person covered didn't go back to work against the advice of their doctor;
- the person covered is incapacitated from the same cause as the original claim;
- the person covered is still working in the same occupation at the time the further period of incapacity starts; and
- you tell us within 2 weeks of the date the person covered stops work again.

The definition of incapacitated we'll use to assess a connected claim is the definition that would have applied if the 2 periods of incapacity had been a single period.

If your cover summary shows that the own occupation definition applies, we'll start to pay the cover again straight away.

If your cover summary shows that the 1 year own occupation definition applies and we'd paid 12 monthly payments of cover before the person covered returned to work, we'll only start to pay the cover again if the person covered meets the requirements of either the serious illness or everyday tasks definition of incapacitated.

If your cover summary shows that the 1 year own occupation definition applies and we hadn't paid 12 monthly payments of cover before the person covered returned to work, we'll use the 1 year own occupation definition until we've made 12 monthly payments of cover. We'll then reassess the claim and will only continue to pay the cover if the person covered meets the requirements of either the serious illness or everyday tasks definition of incapacitated.

We'll only pay a connected claim for the remainder of the cover payment period if:

- there's a cover payment period shown in the additional features; and
- the person covered returns to work within this period.

We'll calculate the remainder as the cover payment period less the number of months for which your claim was paid before the person covered returned to work.

If there's a cover payment period shown in the additional features and the person covered returns to work after the end of this period, we won't pay any further claim for any cause until the person covered has returned to work continuously for at least 52 weeks.

The amount of cover will therefore decrease each month. We won't pay any arrears or interest outstanding at the date the claim is paid. You'll be liable for any arrears or interest outstanding, as they're not covered under this plan. The amount of cover may not be sufficient to pay off the loan or mortgage if the interest rate of the loan or mortgage has changed.

- it had a term equal to the term of the cover;
- it had a yearly interest rate equal to that shown in the additional features; and
- equal yearly repayments sufficient to repay the loan or mortgage over the term of the cover had been made between the date the cover started and the date the claim becomes payable.

The amount of cover will therefore decrease each year.

We won't pay any arrears or interest outstanding at the date the claim is paid. You'll be liable for any arrears or interest outstanding, as they're not covered under this plan.

The amount of cover may not be enough to pay off the loan or mortgage if the interest rate of the loan or mortgage has changed.

We work out the amount of cover from the date the claim becomes payable. We won't take into account any change to the amount of cover after this date.

B3.2 How much we'll pay – Additional Conditions Cover

What's shown in the cover summary

If your cover summary shows you have Critical Illness Cover, or Life or Critical Illness Cover (each a main cover), your cover automatically includes Additional Conditions Cover

How much we'll pay

For any main cover in force at the time Additional Conditions Cover becomes payable, we'll pay whichever of the following amounts is lower:

- 25% of the amount of cover at the date we accept the Additional Conditions Cover claim; or
- £25,000.

We'll pay Additional Conditions Cover as a lump sum.

If your plan includes more than one main cover, the limits detailed above apply to the total amount of all these covers, and we'll make only one payment for each person covered for each additional condition.

The above limits apply across all plans you have or had with us:

- on the life of the same person where these provide or provided the same or similar Additional Conditions Cover and we'll make only one payment for each person covered for each additional condition.

We'll work out the amount of cover as at the date the claim becomes payable. This means that if your main cover is payable as a decreasing lump sum, the amount of Additional Conditions Cover will be based on the amount your main cover has decreased to at the date the claim becomes payable. Any change to the amount of cover after this time won't be taken into account.

If the person covered meets a critical illness definition in section D, we won't accept a claim under Additional Conditions Cover.

If we pay an Additional Conditions Cover claim, we won't pay any further claim for that condition in respect of that person covered, but you may still make a claim in relation to that person covered for any of the other additional conditions.

If we pay a claim under a main benefit, we won't pay a claim for Additional Conditions Cover in respect of the same person covered.

Any claim for Additional Conditions Cover won't affect the amount of your main cover.

B3.3 How much we'll pay – Children's Critical Illness Cover

What's shown in the cover summary

How much we'll pay

If your cover summary shows you have Critical Illness Cover, or Life or Critical Illness Cover (each a main cover), your cover automatically includes Children's Critical Illness Cover

For any main cover in force at the time Children's Critical Illness Cover becomes payable, we'll pay whichever of the following amounts is lower:

- 50% of the amount of cover shown on your cover summary; or
- £25,000.

If your plan includes more than one main cover, or you have more than one plan with us on the life of the same person, and these main covers or plans provide the same or similar Children's Critical Illness Cover, the above limits apply across all such main covers and plans and we'll make only one payment for any child.

If:

- your plan includes more than one main cover on the lives of different people; or
- you have more than one plan with us on the lives of different people; and
- these provide the same or similar Children's Critical Illness Cover;

the above limits apply across all such main covers and plans and we'll make only one payment for any child in respect of each person covered.

We'll work out the amount of cover as at the date the claim becomes payable. This means that if your main cover is payable as a decreasing lump sum, the amount of Children's Critical Illness Cover will be based on the amount your main cover has decreased to at that time. Any change to the amount of cover after this won't be taken into account.

B3.4 How much we'll pay – Income Cover for Sickness

What's shown in the cover summary

How much we'll pay

Level regular payments

We'll pay 1/12th of whichever of the following amounts is lower:

- the amount of cover shown on your cover summary; or
- the pre-incapacity earnings of the person covered multiplied by 50% (the maximum percentage of pre-incapacity earnings shown in the additional features of your cover summary).

Increasing regular payments

We'll pay 1/12th of whichever of the following amounts is lower:

- the amount of cover shown on your cover summary or the amount we've written to tell you following an increase, whichever is greater; or
- the pre-incapacity earnings of the person covered multiplied by 50% (the maximum percentage of pre-incapacity earnings shown in the additional features of your cover summary).

This amount of cover will continue to increase on each anniversary of the date the plan started by the rate shown in the additional features.

If at the time of a claim the person covered is not in work, the amount we'll pay is also subject to a maximum of £1,400 a month.

We'll pay this monthly in arrears.

If you have any other plan with us or with any other company which provides what we judge to be similar covers, or if the person covered continues to receive earnings from any form of employment or self-employment or payments from any pension arrangement while they're incapacitated, and the income from this plan together with the income from those other sources would exceed 50% of pre-incapacity earnings, we'll reduce the amount we pay so that the total income that you receive equals 50% of pre-incapacity earnings.

Similar covers include, but are not limited to, any other plan that in the event of incapacity of the person covered:

- replaces all or part of the pre-incapacity earnings of the person covered;
- makes payments to any mortgage, loan, credit agreement or credit card on behalf of the person covered; or
- makes contributions to any pension arrangement on behalf of the person covered.

B3.4 How much we'll pay – Income Cover for Sickness – continued

How much we'll pay if the person covered goes back to their own occupation on a part-time basis

If we've been paying a claim, and the person covered goes back to work in their own occupation but on a part-time basis with reduced earnings as a direct result of their illness or injury, we'll pay a reduced amount of cover. We'll use the following formula to work out the reduced amount of cover:

$$\frac{(\text{pre-incapacity earnings} - \text{reduced earnings}) \times \text{normal cover}}{\text{pre-incapacity earnings}}$$

In this formula 'normal cover' means the amount of cover we'd pay if the person covered remained incapacitated and wasn't working. Where the reduced earnings vary the amount paid under this cover will also vary. We'll need evidence of the reduced earnings.

We'll pay this reduced amount provided that the person covered:

- goes back to work for less than 30 hours each week;
- was working for more than 30 hours each week before their incapacity; and
- has earnings from part-time work which are less than their earnings when they became incapacitated.

We'll continue to pay a reduced amount of cover based on this formula until the earliest of the following events happens:

- the person covered returns to working their full contractual hours (full-time work);
- the earnings from part-time work of the person covered are more than their pre-incapacity earnings;
- we've paid this reduced amount of cover for a period of 12 months;
- the cover payment period ends (if there's a cover payment period shown in the additional features on your cover summary);
- the cover ends; or
- the person covered dies.

How much we'll pay if the person covered goes back to work in a different occupation

If the person covered is incapacitated, but returns to work in a different occupation with lower earnings, we'll pay a reduced amount of cover. We'll use the following formula to work out the reduced amount of cover:

$$\frac{(\text{pre-incapacity earnings} - \text{reduced earnings}) \times \text{normal cover}}{\text{pre-incapacity earnings}}$$

In this formula 'normal cover' means the amount of cover we'd pay if the person covered remained incapacitated and wasn't working. Where the reduced earnings vary the amount paid under this cover will also vary. We'll need evidence of the reduced earnings.

We'll pay this benefit provided that the person covered:

- remains incapacitated; and
- has earnings from the different occupation which are less than their earnings when they became incapacitated.

We'll continue to pay a reduced amount of cover based on this formula until the earliest of the following events happens:

- the earnings from the different occupation of the person covered are more than their pre-incapacity earnings;
- the cover payment period ends (if there's a cover payment period shown in the additional features on your cover summary);
- the cover ends; or
- the person covered dies.

We work out the amount of cover as at the date the person covered meets our definition of incapacitated. We won't take into account any change to the amount of cover after this date, other than the one under section C3.1 increasing cover.

- was working for more than 30 hours each week before their incapacity; and
- the profit attributable to the person covered is less than the profit attributable to them when they became incapacitated.

We'll continue to pay a reduced amount of cover based on this formula until the earliest of the following events happens:

- the employment of the person covered by the business comes to an end;
- the business stops trading;
- the cover payment period ends;
- the cover ends; or
- the person covered dies.

We work out the amount of cover as at the date the person covered meets our definition of incapacitated. We won't take into account any change to the amount of cover after this date, other than the one under section C3.1 increasing cover.

C1 How to make a claim

This section of the plan details applies to all plans.

C1.1 How to make a claim

If you, or those representing you, think that you have a valid claim on your plan, you or they should:

- 1 Phone us on 0845 6094 500
- 2 Fill out the claim form that we'll send and send it back to us with any other documents we ask for
- 3 Continue to make your payments

Depending on the nature of the claim, we may need one or more of the following:

- The birth, marriage or death certificate of the person covered
- Any other evidence of a change of name
- Medical evidence relating to the person covered which may include full medical records
- Evidence of the income of the person covered
- Evidence of the profit attributable to the person covered
- Evidence of the amount and status of your mortgage

We'll tell you when you phone us which of these we need, and if we need anything else.

We'll pay the reasonable cost of all medical reports or evidence we ask for.

All diagnoses must:

- be made by a consultant employed at a hospital within the geographical limits shown below who is a specialist in an area of medicine appropriate to the cause of the claim;
- be the first and unequivocal diagnosis of terminal illness, a critical illness, Total Permanent Disability or an additional condition; and
- be confirmed by our chief medical officer.

For all claims except death claims, we'll restrict claims to certain parts of the world.

This means that if the person covered is living or working outside the UK and you need to make a claim, the person covered may have to return to one of the following countries:

- The UK
- Australia
- Austria
- Belgium
- Bulgaria
- Canada
- Channel Islands
- Cyprus
- Czech Republic
- Denmark
- Estonia
- Finland
- France

C1 How to make a claim – continued

C1.1 How to make a claim – continued

There are further restrictions for payment of Income Cover for Sickness and Key Person Income Cover for Sickness which are set out in section B2.

We reserve the right to stop paying a claim, or not to pay it, if you don't provide any evidence we ask for or if the information provided is inaccurate or incomplete.

You must answer our questions in the application form honestly and in full, to the best of your knowledge and belief. You agree to tell us if there's any change to any of the answers given in your application (including in relation to the person covered's health, occupation or leisure activities) or any information you provide between the date you complete your application form and the date we assume risk on your plan. If, when you make a claim, we find out the information you or the person covered gave us was inaccurate or incomplete, we may stop paying a claim, have to amend the terms of your cover, or at worst cancel your plan and not pay any claim.

C1.2 Who we'll pay the cover to

We'll pay the cover to the person legally entitled to receive it. This will depend on the nature of the claim, your circumstances at the time and whether the plan has been assigned or put under trust.

Normally we'll pay the cover to the plan owner or, if the plan owner has died, to their personal representatives. Personal representatives must send us an original Grant of Representation or Confirmation before we'll pay any cover to them. We'll return this when we pay the claim.

If the plan has been assigned we'll pay the cover to the assignee. Assignees must send us the original deed of assignment before we'll pay any cover to them.

If the plan is under trust, we'll pay the cover to the trustees. The trustees must then follow the terms of the trust to distribute the money to the chosen beneficiaries. Trustees must send us the original trust deed and any deeds altering the trust before we pay any cover to them. We'll return these when we pay the claim.

SECTION C: Operating your plan – continued

C2 Your payments for your plan

C2.1 When you need to make payments for your plan

First payment

Your first payment becomes payable on the date your plan starts. We'll collect this on or shortly after the date the plan starts, by direct debit or any other means that we've agreed with you.

Last payment

The date of the last payment is shown on your cover summary. Payments for any cover will also end if the cover is cancelled.

All other payments

If you're paying monthly:
you must make a payment each month between the first payment and the last payment. These are payable on the same day each month as the day your plan starts. You can ask us and we may agree to collect your payment on any other day of the month you choose between the 1st and the 28th day.

If you're paying yearly:
you must make a payment each year between the first payment and the last payment. These are payable on the same day each year as the date the plan starts. You can ask us and we may agree to collect your payment on any other day you choose within the same month.

C2.2 What happens if you don't make your payment

If you don't make your first payment, your plan won't start and you won't be covered.

If a subsequent payment remains unpaid for more than 5 weeks from the date it's payable, we'll cancel your plan and you'll no longer be covered. We'll write to you to confirm that your plan is cancelled.

C2.3 Restarting your plan

If we cancel your plan because you didn't make your payment, you may ask us to restart it. When you ask we'll tell you what we need to restart your plan. There may be times when we're not able to restart your plan and if this happens, we'll explain our decision to you.

C2 Your payments for your plan – continued

C2.4 When and how we may change your payment to us

Guaranteed payments for covers which are payable as a level lump sum, a decreasing lump sum or level regular payments

We guarantee that provided you make your payments on time, your payment for this cover will stay the same unless you ask for a change to the cover.

Guaranteed payments for covers which are payable as an increasing lump sum or increasing regular payments

We guarantee that provided you make your payments on time, your payment for this cover will stay the same, apart from the changes described in section C2.5, unless you ask for a change to the cover.

Reviewable payments

We guarantee that your payments for this cover won't change for at least the number of years shown on your cover summary from the date the cover started. At the end of this period we'll review the payment for this cover every 5 years.

In working out your payment for a cover we make assumptions about certain factors.

These factors include:

- The future level of claims we pay
- The amounts of money we'll pay to reinsurance companies with whom we share the costs of claims
- The number of plan owners who give up their plans early
- Our expenses
- Inflation
- Investment returns
- Taxes
- The amount of money we need to hold as financial reserves

When we review your payment, we'll reassess these assumptions and consider whether the combined effect of changes to them has been better or worse than we'd assumed. We'll also assess what's likely to happen in future. We'll then work out how, and if, the payment for the cover needs to be adjusted (either upwards or downwards) to take account of this.

While your revised payment will always fairly reflect the changes to the factors, it may be significantly more than your original payment and there's no limit to how much the increase may be.

Any change will take effect from the anniversary of the date the plan started and we'll tell you at least a month before we make any change.

If any cover to which this applies is an increasing cover, section C2.5 will also apply to the payment for that cover.

SECTION C: Operating your plan – continued

C2 Your payments for your plan – continued

C2.5 Increasing lump sum cover and increasing regular payments cover

On each anniversary of the date the plan started your payment for any increasing lump sum or increasing regular payments cover will increase. The amount of the increase will depend on:

- The amount of the increase in the amount of cover
- The age of the person covered at the date of increase
- The remaining term of the cover
- The payment rates we charged at the date cover started
- Any additional payment you're making because we didn't accept your plan on standard terms

We'll tell you how much the increase is at least a month before the increase takes place.

C3 Changing your plan

C3.1 Increasing cover

This only applies to any cover that's payable as an increasing lump sum or increasing regular payments.

On each anniversary of the date the plan started, the amount of cover will increase by the rate shown in the additional features.

If the additional features state that the amount of cover increases by the retail price index, this means the percentage increase in the UK government's retail price index (or if that index is no longer available, such other index as we reasonably determine to be equivalent) over the 12-month period ending 3 months before the anniversary of the date the plan started, subject to a minimum of 2% and a maximum of 10%.

If the date cover started is not the same day in the year as the date the plan started, the first increase will take place on the first anniversary of the date the plan started after this cover has been in force for 12 months.

We'll write to you at least a month before the increase takes place to tell you how much the increase will be and how much your new payment will be. If you don't want the amount of your cover to increase, you must tell us at least 5 days before the increase is due to take place and we'll cancel the increase. If we cancel 2 consecutive increases we won't offer you any further increases.

If, as a result of an increase, the total amount of cover on all plans you have with us would be more than the maximum amounts shown below, your cover won't increase. We'll tell you if this happens.

Maximum amounts

Life Cover – £15,000,000

Critical Illness Cover – £3,000,000

Life or Critical Illness Cover – £3,000,000

C3 Changing your plan – continued

C3.1 Increasing cover – continued

When working out your total amount of cover we include:

- All cover you have in this plan and any other plan you have with us
- The current amount of any cover payable as a decreasing lump sum
- The commuted value of any cover payable as regular payments. The commuted value is the amount we'd pay you as a lump sum instead of regular payments, if you asked us to.

C3.2 Cover increase options

This only applies to any Life Cover, Life or Critical Illness Cover, Critical Illness Cover or Key Person Income Cover for Sickness if we accepted your plan on standard terms.

The person covered must be under 55 at the time of the increase. If there's more than one person covered, both of them must be under 55.

You must take up these options within 3 months of each event happening.

We don't need any further medical evidence, but we'll need to see evidence including financial evidence of the event.

These options don't apply to any cover or plan which was taken out under a cover increase option.

You can't use these options if we told you the terms of your plan were non-standard, for example we increased your payment or applied an exclusion to your cover.

You can't increase your cover using this option if we're currently paying a claim, considering a claim or if the person covered, or a child of the person covered, has received a diagnosis from a member of the medical profession of a condition that would allow you to make a claim under this plan. If the person covered suffers the onset of symptoms before you take up the option and in the opinion of our chief medical officer those symptoms form part of a medically accepted sequence of symptoms that directly leads to a claim, we'll limit the payment under the option to a return of premiums paid.

You can't increase your cover using this option if you're not resident in the UK, Channel Islands or Isle of Man.

You can't increase Key Person Income Cover for Sickness using this option within 12 months of us stopping paying a claim or if the person covered is incapacitated.

If you took out your plan to protect a business from the loss of a key person, you can increase your cover following an increase in value of a key person based on an increase in salary or increase in gross profits attributable to that person. You can increase by a maximum of:

- 5 times the amount of the increase in salary, or
 - twice the increase in gross profits attributable to that person,
- subject to the limits below.

If you took out your plan in connection with a business mortgage or loan you can increase your cover following an increase to your business mortgage or loan (but not increasing an overdraft). You can increase by the amount you increase your mortgage or loan subject to the limits on page 36.

SECTION C: Operating your plan – continued

C3 Changing your plan – continued

C3.2 Cover increase options – continued

If you took out your plan in connection with a partnership or directors' share purchase arrangement, you can increase your Life Cover, Life or Critical Illness Cover or Critical Illness Cover following an increase in the value of a partner's or shareholding director's interest in the business. You can increase by the amount of the increase subject to the limits below.

You can increase your cover on more than one occasion but the maximum increase for all events is limited to whichever of the following amounts is lower:

- half of the original amount of cover; or
- £150,000 for Life Cover, Critical Illness Cover or Life or Critical Illness Cover; or
- £10,000 a year for Key Person Income Cover for Sickness.

If you have more than one cover or more than one plan with us, these limits apply across all of those covers and plans and not separately to each of them.

If you increase Key Person Income Cover for Sickness using this option, it's further limited so that your total cover after the increase is not more than the lower of:

- the maximum percentage of profits attributable to the person covered shown on your cover summary; or
- the maximum amount of cover we allow at that time.

The increase in cover will:

- be on the terms and conditions that we offer at that time;
- have a term no longer than the remaining term of the original cover or shorter than the minimum term we offer for that cover at that time – if the remaining term of the original cover is less than the minimum, you won't be able to use this option; and
- include the same additional features as the original cover.

We'll base your payment for the new cover on:

- the terms which applied at the date the original cover started or at any subsequent restart under section C2.3;
- the age of the person covered at the date the increase in cover starts; and
- the payment rates and plan charge at the date the increase in cover starts.

C3.3 Renewable option

This applies to any Life Cover, Critical Illness Cover or Life or Critical Illness Cover if in the additional features section on your cover summary it shows that the term of the cover is renewable. These covers are referred to as the 'original cover' throughout the rest of this section C3.3.

At the date cover ends on the original cover you have the option to take out a new cover with a term of 5 years without giving any further information about the health of the person covered.

C3 Changing your plan – continued

C3.3 Renewable option – continued

We'll write to you at least a month before the date cover ends on the original cover to ask you whether you wish to take out the new cover. You must tell us at least 5 days before the date cover ends on the original cover that you want to use this option. If you don't tell us, the original cover will lapse on the date cover ends and we won't pay any claim for an event that happens after that date.

The amount of the new cover will be the same as the amount of the original cover unless section C3.1 increasing cover applies. If section C3.1 applies, the amount of cover will be the amount that your original cover would have increased to under section C3.1.

If the age of the person covered at the end of 5 years would be more than the maximum we allow at that time, the new cover will have a term equal to the whole number of years between the cover end date and the date the person covered reaches the maximum age. If this term is less than our minimum term, you can't use this option and your cover will lapse on the date cover ends.

We'll base your payment for the new cover on:

- the terms which applied at the date cover started or at any subsequent restart under section C2.3;
- the age of the person covered at the date the new cover starts; and
- payment rates we charged at the date the original cover started.

C3.4 Lifestyle review

If we accepted any cover on non-standard terms or charged smoker rates and the person covered makes a change to their lifestyle which reduces the likelihood of a claim, you can ask us to review your payments for that cover. For example, if the person covered was a smoker when the plan started and they give up smoking, you can ask us to review your payments. The person covered must provide such evidence of the change they've made as we may reasonably ask for.

If we're able to, we'll reduce your payments to reflect the new lifestyle of the person covered. However, the cover won't include the cover increase options in section C3.2 if it was originally accepted on non-standard terms.

There will be times when we're unable to reduce your payments even though the person covered has changed their lifestyle. We'll explain our decision to you if this is the case.

C3.5 Changing your plan in other ways

You can ask us to change your plan in other ways at any time. For example, you may want to add a new cover or reduce an existing cover. If none of the options in sections C3.1 or C3.2 apply we may need to ask the person covered for new medical evidence. We'll tell you what we need when you tell us how you want to change your plan.

You can't add a new cover or increase an existing cover if you're no longer resident in the UK, Jersey, Guernsey or Isle of Man.

C4 General terms and conditions

C4.1 Source of covers

This plan is issued out of our Ordinary Long-Term Business Fund but is not eligible to participate in the profits of that fund or any other funds.

C4.2 Membership of Royal London

This plan doesn't entitle you to membership of The Royal London Mutual Insurance Society Limited.

C4.3 Cancelling your plan

When your plan starts you have the right to change your mind and cancel your plan. You have 30 days from the date you receive your cover summary and plan details to cancel your plan. If you cancel in this time we'll refund any payments you've made to us. You can cancel your plan by giving written notice to us at Bright Grey.

You may cancel your plan at any other time by giving written notice to us at Bright Grey. You should also contact your bank to cancel your direct debit instruction.

If your plan is jointly owned, both owners must give us written notice. If your plan is under trust, or if you've assigned your legal rights under the plan to someone else, the trustees or assignee must give us written notice to cancel the plan.

If you cancel, your plan will end on the day your next payment to us would otherwise be payable, and we won't refund any payments you've made to us. You'll therefore still be covered by your plan until this date. This means that although you've asked us to cancel your plan, you may need to make a final payment to us if you've asked us to collect your payments on a different day to that on which they become payable.

For example if

- your plan started on 1 February,
- you ask us to collect your payments on the 15th day of each month, and
- you ask us to cancel your plan on 10 April,

then

- you must make the payment due on 1 April because this became payable before you asked us to cancel your plan,
- we'll collect this on 15 April because you've asked us to collect your payments on that day, and
- we'll cancel your plan on 1 May because this is the first day on which a payment would otherwise have been payable.

If you don't make your final payment

- we'll cancel your plan from the date the final payment was payable,
- you won't be covered from that date, and
- we won't pay any claim under your plan.

If you cancel, we'll tell you whether you need to make a final payment to us and the date on which your cover will end.
