THE CUMULATIVE EFFECT OF COSTS ON RETURN

The growth rate provided on the document is an indication, is not guaranteed and actual costs and charges may depend on the performance of the fund. The total charges deducted for the fund will have an impact on the investment return you might get. Whilst performance can't be guaranteed, we can give you examples of how the charges will affect what you might get back.

£1,000 lump sum invested in this fund for 1 year with an indicative net growth rate of 3%	
What you might get back if there were no charges at all	£1,047
What you might get back after charges	£1,030

Without fees the performance you could have achieved would be 4.72%. After fees the performance achieved is 3%. This equates to a reduction in profit of £17.
