with anyone else, unless you  
give us permission first.

## Your policy statement

February 2025

Dear Mr

Policy Number(s):

Please find attached your policy statement. You took out a life insurance policy with Refuge Assurance, most likely when a door-to-door collector called at your home. Your policy transferred to Royal London on 1 January 2001 and we've been looking after it ever since. Your policy statement shows whose life your life insurance policy is based on.

### Why we're writing to you

We've sent you this policy statement so you can keep up to date with how your policy is performing. We've included:

- how much we would've paid if the person covered had died on the date shown;
- how much we would've paid if you'd chosen to cash in your policy on the date shown; and
- the payments made into your policy

We'll send you a statement every 3 years so you can keep track of your policy.
