09/10/2025	Governed Portfolio Enhanced (ISA)  Politics have moved into focus for investors, as we have seen the beginning of a US government shutdown, Japanese elections and the resignation of the new French Prime Minister. Despite this, investor sentiment has remained bullish and global equities have continued to rise. With a supportive technical backdrop and resilient macro data we are increasing our overweight to the asset class. Elsewhere we are marginally adding to commodities and deepening our bond underweight.
